# BEREC Work Programme 2019

Regulierungsdialog, 10. April

Paul Pisjak

# BEREC Work Programme - Prozess

# BEREC Work Programme 2019

## Three strategic pillars

Promoting  
competition  
and  
investment

Promoting the  
internal market

Empowering  
and protecting  
end users

## 5 strategic priorities

Responding to  
connectivity  
challenges and  
to new  
conditions for  
access to high-  
capacity  
networks

Monitoring  
potential  
bottlenecks in  
the distribution  
of digital  
services

Enabling 5G  
and promoting  
innovation in  
network  
technologies

Fostering a  
consistent  
approach of  
the net  
neutrality  
principles

Exploring new  
ways to boost  
consumer  
empowerment

Mandatory  
Work

## Input soll folgende Information enthalten

- Titel des Dokuments
- Kurzbeschreibung
- Art des Outputs
  - Report
  - Common Position
  - Workshop
  - ...
- Welche Ziele der BEREC Regulation sollen damit erfüllt werden
- Unter welche strategische Priorität aus der Mittelfriststrategie würde das Projekt fallen

# Eingabemaske

4. Title of the proposed project (which should broadly describe the nature of the proposal): \*

5. Brief description of the project (which should set out the aim, scope and expected deliverables of the proposed project): \*

6. Which of BEREC's three strategic pillars is the proposed project most closely related to - please select one of the following: \*

- Promoting competition and investment
- Promoting the internal market
- Empowering and protecting end users

7. Which of BEREC's five strategic priorities is the proposed project primarily intended to address - please select one of the following: \*

- Responding to connectivity challenges and to new conditions for access to high-capacity networks
- Monitoring potential bottlenecks in the distribution of digital services
- Enabling 5G and promoting innovation in network technologies
- Fostering a consistent approach of the net neutrality principles
- Exploring new ways to boost consumer empowerment

8. If the proposed project addresses more than one of BEREC's strategic priorities, which strategic priority, other than the one selected above, is the proposed project intended to address - please select one of the following:

- Responding to connectivity challenges and to new conditions for access to high-capacity networks
- Monitoring potential bottlenecks in the distribution of digital services
- Enabling 5G and promoting innovation in network technologies
- Fostering a consistent approach of the net neutrality principles
- Exploring new ways to boost consumer empowerment

9. Brief explanation of how proposed project, if included in BEREC's WP 2019, will help BEREC achieve the selected strategic priorities: \*

Wir freuen uns über Ihre rege Beteiligung !!

Ihr Input ist bis 20. April einzubringen
